

We hereby confirm that the applicant has successfully demonstrated that his product is in conformity with the JEDEC ESD Human Body Model (HBM) Sensitivity requirements. The tests have been performed in the EMC Laboratories of the Nemko Group

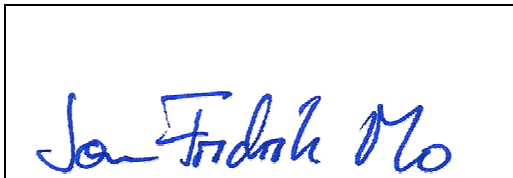

Order No.: 162682

Applicant	SVETEL LLC Engelsa Avenue 27, 194156 St. Petersburg, Russia
Manufacturer	SVETEL LLC Engelsa Avenue 27, 194156 St. Petersburg, Russia
Product	High Power LED
Model	SVL03P1
Brand Name	SVETLED
Additional information	350mA 1.12W
Severity	SEVERITY LEVEL 2 HBM withstand voltage, 2000V to < 4000V
Performance checks	No deterioration was observed under a microscope. Electrical test show normal operation and expected voltage and current conditions.
The above product is tested according to the following standards	ANSI/ESDA/JEDEC JS-001-2010 (2010) For Electrostatic Discharge Sensitivity Testing. Human Body Model (HBM) – Component Level

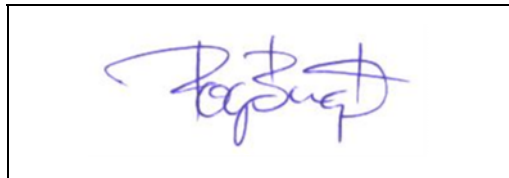

This statement is a proof of compliance given by Nemko after the product has been subject to testing according to and compliant with the specified standards/severities.

This statement is based on evaluation of 3 specimen of the above mentioned product. It is the manufacturer's responsibility to assure the additional production units of this product are manufactured with identical electrical and mechanical components.
